Missouri Crop Report.

The following report showing Missouri Crop conditions on April 1, was issued today from the office of T. C. Wilson, Secretary of the Missouri State Board of Agriculture:

The winter of 1911-12 was one of unusual severity in Missouri. A number of correspondents report a total fall of snow or more than 5 feet. In several sections of the state a minimum temperature of 20 degrees below zero was recorded. Owing to the fact that March was a cold and wet month, practically no farming has been done. At Columbia, the total rainfall as 6.23 inches, as compared with 1.54 inches in March 1911. The normal rainfall for the month of March is 3.03 inches. The Columbia station reports, but seven clear days during March 1912. Correspondents report no potatoes planted and no gardens made. Notwithstanding the fact that the season is very late, the prospect for a "bumper" crop is encouraging. As soon as the ground is dry enough to work it is believed that it will be found in excellent condition, owing to the heavy fall of snow and much freezing.

WHEAT—The wheat condition for the state is placed at 78. One year ago it was 91. Much wheat especially that seeded late is apparently winter killed. Some other is reported badly "heaved" out of the ground. However, it is too early to determine just the true condition of the growing crop and farmers should be slow to plow it up. There is reason for believing that much wheat now apparently dead will yet come out well. The present condition of wheat, by sections is: Northeast, 73; Northwest, 92; Central, 79; Southwest, 74; Southeast, 74.

OATS—The seeding of the oat crop is the latest in the history of the state, according to the records of this office. On April 1, 1911, 49 per cent of the oat crop had been sown. The latest sown oat crop previous to the present year was in 1906, when but 4.3 per cent had been seeded by April 1. That year the average yield for the state was 21.1 bushels. Owing to the late year the average yield for the state as 21.1 bushels. Owing to the late season this year and to the price of seed oats, it is estimated that the average of oats will be but 72 per cent of last year's.

CORN—Practically no spring plowing has been done for corn. The land now plowed for this crop amounts to but 10 per cent. Of this all is fall or early winter breaking. It is estimated that but 18.8 per cent of last year's corn crop is still on Missouri farms, and that 37 per cent of the farmers have been

buyers of corn. Ninety per cent of the correspondents report a scarcity of good seed corn, while it is estimated that 26 per cent of the farmers will test their seed corn this year.

OTHER CROPS—The condition of clover is placed at 66 and of timothy at 83. Practically all of the crop seeded a year ago was lost. Notwithstanding this, the acreage of new clover is estimated at but 65 per cent and of timothy at but 67 per cent. The decreased acreage is due to the high price of seed. The condition of alfalfa is placed at 91 eye, 83.

LIVE STOCK—The number of hogs on feed as compared with an average year is placed at but 46 per cent. This shortage is evidently due to a marked scarcity of feed with an attendant high price and to the ravages of cholera. The number of cattle on feed as compared with an average year is estimated 50 per cent. The number of brood sows on farms as compared with an average year is estimated at 67 per cent. A decrease in number of brood sows is further stressed by a falling off in number of pigs of spring farrow, the present pig crop being placed at but 59 per cent of normal. Some farmers report practically all pigs dead, while many others tell of only two or three to the sow. The loss of horse stock has been unusually heavy owing no doubt, to the poor quality of corn fed. Feed is very high and scarce, and owing to the condition of roads, farmers find it almost impossible to move feed.

To the Democrats of Lafayette County:

There is a nation-wide sentiment against favor-seeking interests financing political campaigns, and the most wholesome way to throttle that insidious encroachment upon the rights of those who want justice substituted for favoritism in the affairs of government, is for the individual citizen to realize that a responsibility rests upon him to contribute financially for the furtherance of those political ideas that are consonant with his own views of justice in government affairs.

The frank and positive refusal of Missouri's candidate for president, Hon. Champ Clark, to accept campaign donations from questionable sources, brings the question of the people financing campaigns squarely up to those who are demanding justice as between organized monopoly on one hand and the every-day citizen on the other.

It is perfectly clear to all sensible men that no campaign, national in its scope, can be conducted without the legitimate expenditure of quite a lot of money. If we want a president of and for the common people, we, the plain, every-day citizens must contribute modestly to see that the candidate who most nearly represents our ideas is given a fair, square opportunity to win upon the issues and his merits.

The attitude of Speaker Clark should appeal to honest men of every political faith, and his positive enunciation of such a principle should quicken the conscience and loosen the purse strings of every honest reformer in Lafayette county. As chairman and secretary of the Lafayette County Democratic Committee, we have decided to inaugurate an opportunity for Lafayette county people to contribute to the Clark Campaign Fund, and accordingly have mailed subscription blanks out to the various voting precincts. We especially urge all those interested not to wait for the paper to be presented to them, but to inquire about the subscription and make their contributions early. Sums from 50 cents up will be accepted and if remitted to H. C. Chiles, Lexington, Missouri will be forwarded to the St. Louis Republic where the list of contributors will be published and a receipt forwarded to each donor.

Attend to this at once and thereby manifest more than a passing interest in the efforts of democracy to again bring the people into possession of their own.

Chairman.
H. C. CHILES, Secretary.

BIG PRIZES TO FARM BOYS

For Best Acre Grown by Lads in Three States, \$800 in Gold.

Every boy in this neighborhood will be interested in the \$800 in gold which will be given by The Weekly Kansas City Star for the best acres of corn grown by boys in Kansas, Missouri and Oklahoma this year. There will be four classes with a big \$200 purse in each class for the boy who grows the best acre of corn. Simple rules will give boys a chance on all kinds of land to win, since practicability of methods and other provisions will allow every boy credit for merit all along the line. With corn grown on the contest acre the boy can enter many other contests for prizes offered by the state agricultural college. Any boy 18 years of age and under can enter the contest.

No boy who grows a contest acre can lose, for if he doesn't win a prize he has produced a valuable crop of corn. Many boys in the South who have been growing corn in government contests sell seed corn at from \$2 to \$4 a bushel. Seed corn grows bred.

Boy corn breeders can make money in every neighborhood. All so they have a chance to win the big Weekly Star prize, and on top of it all every boy's contest plot will make for a bigger yield of corn in the community.

All the boys are wanted in the contest. It is easy to enter and The Weekly Star charges nothing at any stage of the game.

It is a big corn growing race for the boys, with all the fun of a contest and lots more to it besides. The pupils of entire schools are invited to join. Contestants must enter now.

The state agricultural colleges in Kansas, Missouri and Oklahoma will feature The Weekly Star contest in connection with many prizes offered the boys and girls on the farm.

Write at once to The Weekly Star, Kansas City, Mo., and receive entry blank and learn all about the contest.

The Weekly Star is the most comprehensive farm paper. All the news intelligently told. Farm questions answered by a practical farmer and experimenter. Contains exactly what you want in market reports. One year, best in the locality where it is 25 cents.

Address The Weekly Star, Kansas City, Mo.

LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometimes need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative.

It is a tonic that does not gripe—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salts pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell Building, Monticello, Ill.

If your roof leaks and is too old to put on shingles try Wood's Proof Felt Roofing. Guaranteed as good as the best and at half the price of some others. MOOREHEAD sole agent for Lexington.
